

## Anodized Industrial Aluminum Profile With Finished Machining

Our Product Introduction

for more products please visit us on [aluminumextrusion-profiles.com](http://aluminumextrusion-profiles.com)

### Basic Information

- Place of Origin: China
- Brand Name: MetalPlus
- Certification: SGS
- Minimum Order Quantity: 1 ton
- Packaging Details: Ep paper ,kraft ,pallet
- Delivery Time: 20days
- Payment Terms: T/T ,L/C
- Supply Ability: 100 000ton each month

### Product Specification

- Product Name: Aluminium Profile
- Alloy: 6063,6061
- Material: Aluminum
- Surface: Anodizing ,Electrophoresis, Powder Painting
- Deep Process: Milling, Drilling, Bending,Cutting
- Temper: T4, T5, T6,T66
- Highlight: **anodized industrial aluminum profile, industrial aluminum profile with finished machining , industrial aluminium profile T66**

## Product Description

### Anodized Industrial Aluminium Extrusion Profile , With Finished Machining

MetalPlus(Hentec) professional in all kinds of aluminum extrusion profiles,supply high quality both semi and final aluminum products for you !

Our R&D team with innovative ability ,insist on researching and developing of aluminum extrusion products ,and we can design and manufacture custom industrial aluminum extrusion profile according to your specific performance or design requirements .

Since 2007 MetalPlus invested the express extrusion machine with 6800 UST extrusion force , enable us to produce the profiles with a maximum diameter of 600mm.(Few factories in China have the extrusion machine with such large extrusion force ), and we can make various shapes of aluminum profiles for you.

MetalPlus have passed the authentication of internal quality system ISO ISO9001-2008 and the authentication of international environment management system ISO14001:2004 , and our products can meet the EU RoHS directive requirements .

We are supplying the following products for SHARP,BOSCH,PANASONIC,AKCOME .

### Order,payment,terms,shipment

- 1, Minimum order: 500kg per trial order 1 piece of sample free of charge provided by approval and kept for future mass production.
- 2, Sample Lead Time: 25 working days(15 days for making the tool and 10 days making the samples. Before sending the samples to customer, samples should pass strict test in our lab. )Production Lead time: it depends on customers' order quantity ( 30 working days after deposit).
- 3, Payment: (Can negotiate with customers, our usual practices are as follow)
- 4, Tooling:100% prepaid by T/T.
- 5, Parts:30% upon order confirmation and balance before delivery by T/T

### Applications:

Aluminum profile used in cars, trains machinery ,electronics, medical and other industrial filed . In terms of hardware, machinery, electromechanical parts, solar PV products, aluminum frames are adopt as important auxiliary materials. We also have aluminum profiles for radiators, fitness machinery, buildings, lighting instrument, windpipes, oil pipelines, for instance.

### Competitive Advantage:

- 1.Good quality aluminium profile with economic price
- 2.15-year manufacturing experience
- 3.ISO9000
- 4.ODM or OEM

### FAQ For Saving Your Precious Time!

Q1:What's the thickness for anodizing?Can you do 15um?

A:Our normal thickness is about 10 um.Yes, we can do 15um and above.

Q2:What color you can do for powder coating?The thickness for powder coat?

A:We can do any color for powder coat as long as you can provide the color sample.Our normally powder coating thickness is 60-80um.

Q3:What color you can do for wood grain?

A:Our most popular colors are Western Red Cedar, Australia Cedar, Jarrah I, Jarrah II, Chestnut, Bush Cherry, Bush Wood,

Western Wood, Snow Gum, etc.If you need any other colors, we can do according to the color samples you provide.

Q4:How's the weather resistance for wood grain finish D1010?

A:(1).Powder:Akzo Noble Interpon D1010.

(2).Wood grain film:Italian Memphis.

(3).Standard complied:American AAMA Standard.2603

(4).UV test:1000 hours.

(5).Salt spraying test:1000 hours.

(6).Normal weather:10 years color guarantee.

Q5:What certification do you have?What's your standard?

A:We have ISO certification.Our standard is DIN, AAMA, AS/NZS, China GB.

Q6:What's the delivery time for samples and mass production?

A:(1).2-3 weeks to make the new moulds and make free samples.

(2).3-4 weeks after receipt of deposit and confirmation of the order.
