

Precision Stainless Steel Die Casting Auto Parts With Planting

Our Product Introduction

for more products please visit us on aluminumextrusion-profiles.com

Basic Information

- Place of Origin: China
- Brand Name: MetalPlus
- Certification: CA ,CE
- Minimum Order Quantity: 1 ton
- Packaging Details: EP Paper ,kraft and pallet
- Delivery Time: 20days
- Payment Terms: T/T or L/C
- Supply Ability: 100 000 ton each month

Product Specification

- Die Casting Method: Precision Die Casting
- Machining: CNC Machining
- Certification: SGS
- Texture: According To Customer's Drawing Or Samples
- Application: Agricultural Machinery Parts
- Material: Stainless Steel, Carbon Steel, Alloy Steel
- Highlight: **Stainless Steel Precision Casting, Planting Stainless Steel Die Precision Casting, Auto Parts Precision Casting**

Product Description

Description:

- 1.Name: Precision Casting Auto Parts Stainless Steel Die Casting Auto Part With Planting
2. Material: Carbon steel and alloy steel
3. Machining part with sand casting
 - process resin sand and green sand
 - material: Gry iron casting, ductile iron casting, carbon steel casting, alloy steel casting and Al casting
4. Machining part with wax casting
 - process: Slica sol process and water glass
 - material: Stainless steel, carbon steel, alloy steel
5. Machining equipment
CNC Machine, vertical machining centers, miling machine, lathe machine
6. Inspection equipment
Baird spectrometer, metallurgical microscope, chemcial analysis, hardness tester, impact testing machine

Applications:

Precision Casting Parts are widely used in Auto Parts Series , Aguricultural Machinery Parts , Architectural Hardware , Medical Equipment Series , Marine Hardware , Valave Pump , Star Handle ...

Competitive Advantage:

Project team-customer service
Engineering team-provide R&D and technical support
QC team-productive process control and incoming parts inspection
Warehouse team-warehouse management and logistic service

Machined parts production range:

We are a professional manufacturer of casting and machining. Most of our production is automobile parts, meter, instrument casing and other productions for civil and industry use according to concerned national standard. We have professional fixture and testing tools for many required production which can fit various machinofactures' capacity.

Casting and machining inspection:

Inspection: In-house and third party
All the products are strictly inspected by operator and skilled QC with record put down.
Universal inspection tools: Hardness tester, Height ruler, Depth ruler, Outside ruler, Venire Caliper, etc.

We can offer Casting sand casting parts according to your requirement :

- 1).ISO9001 SGS
- 2).OEM service available
- 3).Materials: Cast Iron: Grey Iron castings/Gray Iron Castings, Malleable Iron Castings, Ductile Iron Castings, with Coated Sand Casting & Green Resin Sand Castings & Sand Castings
- 4).Process: sand casting
- 5).Weight range: 1KG-2TON
- 6).Application: Industrial parts, Machinery parts, hardware, construction parts, valvealve parts,train,craft,doorhandle,hinge,hydraulicpressure,construction,agricultural machinery
- 7).Small orders accepted
- 8).Make machining service as your requirement or drawings
- 9).Professional service
- 10).Surface treatment,painting,zinc plating,machining center,,powder coating,Shot Blast,ect.
- 11).High quality and after sale service
- 12).Satisfying customers
