

## Durable Aluminum Heat Sink Profiles Smooth For Automotive Heat Dissipation

Our Product Introduction

For more products please visit us on [aluminumextrusion-profiles.com](http://aluminumextrusion-profiles.com)

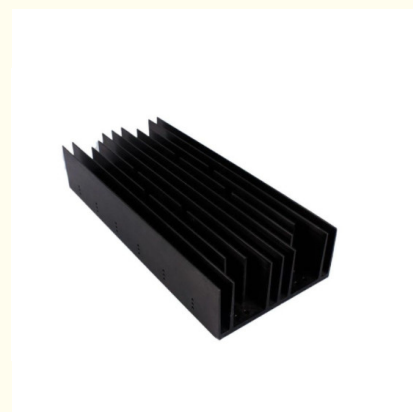

### Basic Information

- Place of Origin: China
- Brand Name: MetalPlus
- Certification: RoHS ,SGS
- Minimum Order Quantity: 500pcs
- Price: 2.35
- Delivery Time: 25days
- Payment Terms: T/T ,L/C

### Product Specification

- Material: Aluminum
- Width: Customized
- Package: Carton, Pallet, Etc.
- DeliveryTime: 20-30 Days
- Tolerance:  $\pm 0.05\text{mm}$
- Finish: Smooth, Matte, Etc.
- HeatSink: Yes
- Length: Customized
- Highlight: **Aluminum Heatsink Profiles for Automotive,  
Durable Aluminum Heat Sink Profiles,  
Smooth Aluminum Heat Sink Extrusion Profiles**

## Product Description

### Product Description:

Aluminum Heatsink Extrusion Profiles is an ideal product for a wide variety of applications. Made from aluminum material, the product provides the perfect combination of lightweight and strength. It is manufactured in custom length and with a tolerance of  $\pm 0.05\text{mm}$  for precise and precise performance. The extrusion profiles are available in many shapes, including flat, round, and oval, and can be used in a variety of applications, such as electronic and automotive. In addition, the aluminum heatsink extrusion profiles are packaged in cartons, pallets, or other containers.

The aluminum heatsink extrusion profiles are widely used in LED lighting, automotive, electrical, and mechanical industries, making it an ideal choice for heat dissipation and thermal management. It is ideal for a wide range of applications, including LED lighting, automotive, and industrial applications. Because of its lightweight and strong construction, it is also very easy to install and maintain. Moreover, the aluminum heatsink extrusion profiles provide superior heat resistance and corrosion resistance, making them durable and reliable.

### Features:

Product Name: Aluminum Heatsink Extrusion Profiles

Thickness: Customized

Tolerance:  $\pm 0.05\text{mm}$

Package: Carton, Pallet, Etc.

Width: Customized

Surface Treatment: Anodizing, Polishing, Sandblasting, Etc.

### Applications:

MetalPlus Aluminum Heatsink Extrusion Profiles are designed to provide superior cooling performance and durability for a wide range of industrial, military, and commercial applications. They are made with high grade aluminum for superior heat dissipation and long lasting performance. The profiles are custom designed with a variety of thicknesses and surface treatments, including anodizing, polishing, and sandblasting, to meet the needs of different applications. The profiles can also be customized with logos and custom colors, including silver and black. MetalPlus Aluminum Heatsink Extrusion Profiles are certified to RoHS and SGS standards, ensuring their safety and reliability. With a minimum order quantity of 500pcs and a competitive price of 2.35, MetalPlus Aluminum Heatsink Extrusion Profiles are the perfect choice for your cooling needs.

### Technical Parameters:

Property	Value
Material	Aluminum
Tolerance	$\pm 0.05\text{mm}$
Color	Silver, Black, Etc.
Finish	Smooth, Matte, Etc.
Shape	Extrusion Profiles
Length	Customized
Heat Sink	Yes
Delivery Time	20-30 Days
Width	Customized
Package	Carton, Pallet, Etc.
Certificate	ISO9001, SGS, Etc.

### Customization:

Aluminum Heatsink Extrusion Profiles

Brand Name: MetalPlus

Place of Origin: China

Certification: RoHS, SGS

Minimum Order Quantity: 500pcs

Price: 2.35

Delivery Time: 25days

Payment Terms: T/T, L/C

Shape: Extrusion Profiles  
Material: Aluminum  
Application: Electronics, Automotive, Etc.  
SurfaceTreatment: Anodizing, Polishing, Sandblasting, Etc.  
Length: Customized  
Keywords: Aluminum Heat Sink, Aluminum Heat Sink, Aluminum Heat Sink Extrusion Profiles, Customized

Support and Services:

We offer technical support and service for our Aluminum Heatsink Extrusion Profiles. Our experienced team of engineers have the expertise to provide comprehensive on-site support to ensure that all your needs are met. We can also provide advice and assistance on the installation, operation and maintenance of our products. Furthermore, we provide tailored solutions to meet the specific requirements of each customer, including customized designs, materials and finishes. In addition, we provide a comprehensive warranty for our products and services, ensuring that any defects or issues are quickly and efficiently addressed.
