

Lightweight Extrusion Aluminum Heatsink Profiles Sandblasting For Enhanced Durability

Our Product Introduction

For more products please visit us on aluminumextrusion-profiles.com

Basic Information

- Place of Origin: China
- Brand Name: MetalPlus
- Certification: RoHS ,SGS
- Minimum Order Quantity: 500pcs
- Price: 2.35
- Delivery Time: 25days
- Payment Terms: T/T ,L/C

Product Specification

- Highlight:
 - Lightweight Extrusion Aluminum Heatsink Profiles
 - Aluminum Heatsink Profiles for Enhanced Durability
 - Sandblasting Aluminum Heatsink Extrusion Profiles

Product Description

Lightweight Aluminum Heatsink Extrusion Profiles for Enhanced Durability

Product Description:

Aluminum Heatsink Extrusion Profiles

We offer Aluminum Heatsink Extrusion Profiles for a wide range of applications. Our Aluminum Heat Sink Profiles are designed to provide superior heat dissipation for electronics, computers, and other applications. All of our Aluminum Heat Sink Extrusions are fabricated with high-grade aluminum, ensuring that they are lightweight and durable. Our Aluminum Heat Sink Extrusions are made to meet the highest standards of quality and tolerance, with $\pm 0.05\text{mm}$ accuracy.

We offer Aluminum Heatsink Extrusions in a variety of customized widths, to ensure that you have the perfect product for your needs. Our Aluminum Heat Sink Extrusions are certified by ISO9001, SGS, and other reputable organizations to ensure that they meet the highest standards of safety and quality. We offer fast delivery times of 20-30 days and package our Aluminum Heatsink Extrusions in cartons and pallets for easy shipment and storage.

For superior quality Aluminum Heatsink Extrusions, choose the experts at our company. We have been making Aluminum Heat Sinks for many years and are committed to providing you with the best products available. Contact us today to learn more about our Aluminum Heat Sink Extrusions and to get a quote.

Features:

Product Name: Aluminum Heatsink Extrusion Profiles

Application: Electronics, Automotive, etc.

Surface Treatment: Anodizing, Polishing, Sandblasting, etc.

Material: Aluminum

Thickness: Customized

Package: Carton, Pallet, etc.

Applications:

MetalPlus Aluminum Heat Sink Extrusion Profiles is a top-tier thermal solution for most industrial applications. It's made of high-grade aluminum alloy with superior thermal properties, allowing for efficient dissipation of heat from the system. It is available in a wide range of shapes and sizes with customized width and thickness. It is designed to fit any application and can be machined to any desired shape or size. It is also lightweight and easy to install and maintain. With its excellent corrosion resistance and long service life, this product is perfect for most industrial applications.

This Aluminum Heat Sink Extrusion Profiles has been certified by RoHS and SGS, ensuring a high-quality product. The minimum order quantity is 500pcs, and the price is 2.35/pcs. It can be delivered within 25 days after payment. The surface treatment options include anodizing, polishing, sandblasting, etc. and the logo can be customized by silk screen. It's the perfect choice for customers looking for a reliable, cost-effective solution.

Technical Parameters:

Attribute	Specification
Package	Carton, Pallet, etc.

Attribute	Specification
Color	Silver, Black, etc.
Thickness	Customized
Application	Electronics, Automotive, etc.
Finish	Smooth, Matte, etc.
Logo	Silk Screen
Delivery Time	20-30 Days
Shape	Extrusion Profiles
Material	Aluminum
Heat Sink	Yes

Customization:

MetalPlus offers custom Aluminum Heat Sink Extrusion Profiles with reliable quality and competitive price. Our custom Aluminum Heat Sink Extrusion Profiles are RoHS and SGS certified, and the minimum order quantity is 500pcs. The price is 2.35 per pcs. The delivery time is 25 days and payment terms are T/T and L/C. The length and thickness of our Aluminum Heat Sink Extrusion Profiles are customized to meet your needs. It is widely applied in Electronics, Automotive and other industries. The package is Carton, Pallet, etc. We also provide silk screen logo printing service.

Support and Services:

Technical Support & Service for Aluminum Heatsink Extrusion Profiles -----

We provide comprehensive technical support and services for our aluminum heatsink extrusion profiles. Our team is composed of experienced professionals who are knowledgeable in the field of aluminum heatsink extrusion profiles and can provide the necessary advice and support for any project. We can help you select the right profile for your application, provide guidance on installation and maintenance, and provide troubleshooting assistance when necessary.

We also offer a wide range of customization options to meet your specific requirements. We can design and develop custom profiles to fit your specific needs, and can also work with you to create specialized solutions for unique applications. Our customization services can help you get the most out of your aluminum heatsink extrusion profiles.

If you have any questions or would like more information about our technical support and service for aluminum heatsink extrusion profiles, please contact us today. We look forward to helping you get the most out of your aluminum heatsink extrusion profile.
