

Sandblasting Matte Anodized Aluminum Heat Sink Enclosure Extruded Profile

Our Product Introduction

for more products please visit us on aluminumextrusion-profiles.com

Basic Information

- Place of Origin: China
- Brand Name: MetalPlus
- Minimum Order Quantity: 500KG
- Packaging Details: wooden case , pallet

Product Specification

- Features: Dustproof, Waterproof, Corrosion Resistance
- Warranty: 15years
- Surface: Sandblasting / Anodizing
- Color: Black
- Logo: Silk Screen
- Application: Electronic Equipment
- Finish: Anodized
- Material: Extruded Aluminum
- Mounting: Wall Mount
- Size: Customized
- Thickness: 1.5mm
- Highlight: sandblasting aluminum heat sink enclosure,
Silk Screen aluminum heat sink enclosure,
heat sink enclosure anodized aluminum
extrusion

Product Description

Sandblasting Matte Anodized Extruded Profile Aluminum Heat Sink Enclosure

Description

Item	Aluminum Extrusion Enclosure Profile
Material	Aluminum Alloy 6000 series, such as 6005, 6061, 6063, 6082etc.
Profile Shape	Round, Hollow profile, Oval, Tube, Flat, Triangle, Square, Rectangle, Rectangular, Pentagon, hexagon, hexagonal, heptagon, heptagonal, octagon, octagonal, trapezoid, trapezoidal, Diamond, Wave-shape, Curve-shape, U-profile, L-profile, T-profile, H-profile, and any customized design.
Production Process	Aluminum Extrusion, Fabrication, Anodizing, etc. We can provide Aluminum with All-In-One service.
Fabrication	Machining, CNC, Sawing, Milling, Punching, Lathing, Tapping, Chamfering, Laser, Welding, Bending, Assembling, etc.
Certificate and Standard	ISO9001-2008/ISO 9001:2008 SGS,
Packaging	1. EP Paper inside for each profile separate then Craft Paper/Shrink Film outside
	2. EP Paper inside for each profile separate then carton paper then pallet
	3. wooden carton
MOQ	500~1000 kgs
	*More or less is acceptable, but it depends on drawings, material and fabrication requirements.

Applications:

The general industrial aluminum profile is mainly used for industrial production and manufacturing, such as automatic mechanical equipment, framework of cover and customized mold opening according to the requirements of each company's mechanical equipment.

Competitive Advantage:

1. good quality aluminium profile with economic price
2. Advanced technical equipments
3. Strong R&D team to meet the various needs .
4. 15-year manufacturing experience
5. ISO9000
6. 100% strict quality testing before delivery .

MetalPlus Advantages

- We do have more than 17 years manufacture experience on Aluminum Extrusion Area
- We have a strong ability to design and Extrusion, CNC machining, Milling, Turning with a fast speed.
- We have complete metal processing machines, in addition to stamping, there are laser cutting, CNC bending, welding, etc.
- We attach great importance to the control of all steps of the manufacturing process, so we can maintain long-term stability and excellent quality.

FAQ For Saving Your Precious Time!

Q1:What's the thickness for anodizing?Can you do 15um?

A:Our normal thickness is about 10 um.Yes, we can do 15um and above.

Q2:What color you can do for powder coating?The thickness for powder coat?

A:We can do any color for powder coat as long as you can provide the color sample.Our normally powder coating thickness is 60-80um.

Q3:What color you can do for wood grain?

A:Our most popular colors are Western Red Cedar, Australia Cedar, Jarrah I, Jarrah II, Chestnut, Bush Cherry, Bush Wood, Western Wood, Snow Gum, etc.If you need any other colors, we can do according to the color samples you provide.

Q4:How's the weather resistance for wood grain finish D1010?

A:(1).Powder: Akzo Noble Interpon D1010.
(2).Wood grain film: Italian Memphis.
(3).Standard complied: American AAMA Standard.2603
(4).UV test: 1000 hours.
(5).Salt spraying test: 1000 hours.
(6).Normal weather: 10 years color guarantee.

Q5: What certification do you have? What's your standard?

A: We have ISO certification. Our standard is DIN, AAMA, AS/NZS, China GB.

Q6: What's the delivery time for samples and mass production?

A: (1). 2-3 weeks to make the new moulds and make free samples.

(2). 3-4 weeks after receipt of deposit and confirmation of the order.
