

6063 Aluminum Alloy Industrial Fan Blade with Sandblasting Anodized Surface and Customized Dimension

Our Product Introduction

for more products please visit us on aluminumextrusion-profiles.com

Basic Information

- Certification: ISO
- Minimum Order Quantity: 300
- Price: 2.99

Product Specification

- Model NO.: Aluminum Fan Blade
- Type: Industrial Aluminium Profile
- Shape: Irregular Shape
- Grade: 6000 Series
- Temper: T3-T8
- Alloy: Alloy
- Surface Finishing: Sandblasting Oxidation
- Alloying Ingredient: 6063
- Polished Aluminum Profile: Mechanical Polishing
- Surface Treatment: Sandblasting Anodized
- Color: Silver
- Dimension: Customized
- Processing: Cutting
- Tolerance: $\pm 0.1\text{mm}$
- Section Size: Square: $\leq 150 \times 150\text{mm}$, Rectangle: \leq

Product Description

Ventilation Durable Ultralight Aluminium Extrusion Industrial Fan Blade

Metalplus specializes in aluminum industrial profile design and manufacturing with a production base of more than 100,000 square meters and annual capacity exceeding 100,000 tons.

Product Specifications

Material	6063 aluminum profile
Mechanical Processing	Aluminium profile extruding, Precious milling, Cutting, Punching, Bending, Tapping, Drilling, CNC lathe etc.
Surface Treatment	Powder Coating in RAL Color, Anodizing(AA10/15/20/25), Sandblasting, Brushing, Passivation, Silk screen, Mechanical/Chemical Polishing, Wood grain coated /Wooden transfer, Galvanise,(Nickel/Tin/Chrome/Copper) Plating, PVDF, Matt, etc.
Color Customization	Wooden Grain, Aluminium Silver, Brilliant Black, Cream White, Chocolate Brown, Bronze, Champagne, Golden Yellow etc.
Tolerance	± 0.1mm
Section Size	Square: ≤ 150*150mm Rectangle: ≤ 250*50mm Round: ≤ Ø170mm
Package	Inner plastic paper/PE paper interleaving each piece; Outer fixed by plywood or pallets with shipping mark; Or as required.
Delivery Time	15-25 days after deposit

Our Advantages

We export the majority of our customized products to the United States and Europe, where our customers have become regulars. Our long experience in this field enables us to easily satisfy customers' needs.

Over 17 years of manufacturing experience in Aluminum Extrusion

Strong design capabilities with fast extrusion, CNC machining, milling, and turning services

Complete metal processing capabilities including stamping, laser cutting, CNC bending, and welding

Comprehensive quality control throughout the manufacturing process for long-term stability and excellent quality

Technical Support

Custom design services including CAD drawings and 3D models for extruded profiles

Professional R&D team for design analysis and optimization to reduce production costs and improve performance

One-stop service model covering product design, custom molds, aluminum bar melting and casting, extrusion profiling, precision machining, and surface treatment

Factory Equipment

Extrusion

Equipped with 44 aluminum extrusion lines, MetalPlus is capable of producing various standards of commercial aluminum profiles and industrial aluminum profiles with maximum outer diameter of 350mm.

Our largest extruder is a 6800 ton unit capable of producing industrial profiles with maximum diameter of 600mm.

Anodizing

MetalPlus has 6 anodizing production lines producing profiles with uniform oxidation film thickness and color. Available colors include silver, black, gold, champagne, and imitation steel with custom options available.

Painting

Our factory is equipped with 4 powder spraying lines using high-quality spray nozzles from Gema Switzerland with safe, environmentally friendly paint.

CNC Machining

MetalPlus is equipped with highly advanced machining equipment sets operated by experienced technicians.

Packing & Shipping

Certifications

Company History

2004: "The Recognized Brand of the Building Industry Material Market"

2006: "Certificate for Product Exemption from Quality Surveillance Inspection" and "ISO9001"

2009: "Advanced Company", "Jiangsu Famous Brand Certificate", "Certificate for Credible Product of Quality in Jiangsu Province"

2012: Established business relationships with Panasonic and LG

2015: Became innovative producer and supplying partner for European clients

2017: Developed new products of baseboard heaters

2019: Cooperated with world's largest heater manufacturers, supplying aluminum shells

2023: Expanding overseas distributor network for win-win benefits

Project Portfolio

The Soccer City Stadium in Johannesburg is one of the major projects in South Africa, with 94,000 seats making it the largest capacity stadium in Africa. We were honored to participate as the main aluminum supplier.

Lobster Trailers is a Nordic trailer giant we're proud to cooperate with. Our professional R&D team analyzes and improves designs while minimizing production costs and enhancing product performance.

We supplied Aluminum Legs for school desks to our local customer Dadn, helping them win the school project bid.
