Product Description

Premium Aluminum Louvers

Aluminum louvers are a versatile architectural solution, commonly used for home decorations, shutters, and functional screening. Engineered for an attractive appearance, they are lightweight, robust, and offer an exceptionally long lifespan.

Key Benefits & Applications

Customizable Design: Tailored to meet your specific project requirements.

High Durability: Strong construction suitable for long-term outdoor and indoor use.

Versatile Use: Ideal for guardrails, air conditioning partitions, and machine room enclosures in high-rise residential areas.

Product Attributes

Material

6063 T5 Aluminum

Finishes

Mill, Anodize, Powder/E-Coating, Wood Grain, Polishing

OEM & ODM

Available

Lead Time

20-25 days (+10 days for mould)

Technical Specifications

Material	6063 T5
Finishes	Mill, Anodize, Powder/E-Coating, Wood Grain, Polishing
Thickness	Customized
Application	Decoration
Lead Time	20-25 days, extra 10 days for mould production
OEM & ODM	Available
