

OEM Sand Casting Precision Casting Parts Strength Iron Casting Parts

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: HT
- Certification: CA ,CE
- Minimum Order Quantity: 1 ton
- Packaging Details: EP Paper ,kraft and pallet
- Delivery Time: 20days
- Payment Terms: T/T or L/C
- Supply Ability: 100 000 ton each month

Product Specification

- Highlight: Die Casting Parts, Aluminum Die Casting

Product Description

OEM Sand Casting Precision Casting Parts Strength Iron Casting Parts

Description:

Specifications

Aluminum alloy die casting of custom precision coffee machine parts

1. One-stop shopping service, OEM, ODM
2. Precision machining
3. Control precise dimension

We specialized in the manufacturing and processing of metal products, such as Aluminum alloy die casting of custom precision coffee machine parts. I plant the production of aluminum products, zinc alloy products, stainless steel products, it can be processed simultaneously complex and high-tech accessories. Products involved in the industry of auto parts, machinery parts, household appliances accessories, communication accessories, precision instrument parts, valve parts, compressor parts.

Product Description

Aluminum alloy die casting of custom precision coffee machine parts

PROCESS

Drawing → Mold → Die casting → Deburring → Drilling holes → Tapping → CNC Machining → CNC control center → Polishing → Surface Finishing → Assembly → Quality Inspection → Packing

DESCRIPTION

1. Drawing: provide by customer, or design according as the sample.
2. Mold: Design and produce by ourself.
3. Product Material Option: A360, A380, ADC12, ADC3, AISi12, AISi9Cu, ZL102, ZL104

Applications:

Precision Casting Parts are widely used in Auto Parts Series , Machinery Parts Series , Hardware Parts Series , Medical Equipment Series .

Competitive Advantage:

1. Tight tolerance, Provide ODM/OEM service
2. Steady Quality and Small Quantity Accepted
3. Reliable Capacity
4. Standard: According to the dimension tolerance of machining of customers' requirement.
5. On Time Delivery
6. Competitive Price
7. Rich Experience on Casting Production

Machined parts production range:

We are a professional manufacturer of casting and machining. Most of our production is automobile parts, meter, instrument casing and other productions for civil and industry use according to concerned national standard. We have professional fixture and testing tools for many required production which can fit various machinofactures' capacity.

Workshop equipment of casting and machining:

7 machines for die casting weight , 4 machines for machining center, 12 machines for CNC and other more than 40 normal machines. We have 1 equipment for three coordinates measuring and any other infiltrationh, shot blasting, washing and presssure testing equipments.

Casting and machining inspection:

Inspection: In-house and third party

All the products are strictly inspected by operator and skilled QC with record put down.

Universal inspection tools: Hardness tester, Height ruler, Depth ruler, Outside ruler, Venire Caliper, etc.

Processing :

HENTEC Hentec Industry Co.,Ltd
