

## Customized Precision Casting Parts , Aluminum Connector CNC Precision Machining

Our Product Introduction

for more products please visit us on [aluminumextrusion-profiles.com](http://aluminumextrusion-profiles.com)

### Basic Information

- Place of Origin: China
- Brand Name: HT
- Certification: CA ,CE
- Minimum Order Quantity: 500pcs
- Packaging Details: Ep paper ,kraft ,pallet
- Delivery Time: 20days
- Payment Terms: T/T ,L/C
- Supply Ability: 100 000ton each month

### Product Specification

- Product Name: Industrial Aluminium Profile
- Alloy: 6063,6061,6005
- Material: Aluminum
- Surface Treatment: Mill Finished,Anodized ,Electrophoretic Coated,Powder Spray Coated
- Deep Process: Milling, Drilling, Bending,Cutting
- Temper: T3, T4, T5, T6
- Highlight: Die Casting Parts, Aluminum Die Casting

## Product Description

### High Quality Precision Casting Parts , Aluminum Connector CNC Precision Machining

Most of our products, mainly customized, are exported to American and European markets, and most of our customers have become regular customers. Being in this line for about ten years, we are proud that we can comfortably meet our customers' demand.

Our machining scope mainly as following:

CNC turning parts

CNC milling parts

CNC turning and milling parts

The surface finish we can supply as following:

Electrogalvanizing, electroplating chromium, nickel electroplating, titanium plating, sandblasting anodizing, QPQ(Quench-Polish-Quench), Polishing, electrophoresis etc.

We can process parts in conformity with drawings and assemble them as the requirement of customers.

Our company has been adhering to the work ethos of "quality first". We cordially welcome you to visit us, and we will be delighted to provide you with our best services. We look forward to cooperating with you.

Both small order and big order are welcomed.

#### Specifications:

Excellent material for smooth and subtle edges.

Elegant appearance.

Surface treatment: colorful anodized or electrostatic powder coated.

Suitable for constructions and other industrial purposes.

Customized surface finishes are welcome.

#### Competitive Advantage:

1)Engineering design and support.

2)Aluminum profiles deeply processing:cutting,punching,drilling,milling,and fabricating.

3)High Quality system, strictly inspection during production and whole inspection before package.

4)Good performance, product warranty for 15 years.
